

Visitation is Suspended

The Illinois Department of Public Health (“IDPH”) and Centers for Medicare & Medicaid Services (“CMS”) have recently released guidance for Skilled Nursing Facilities and Other Long-Term Care Facilities to follow, regarding COVID-19 and re-introducing group activities and visitation.

Per IDPH’s Reopening Plan for Skilled Nursing Facilities and Other Long-Term Care Facilities **in person visitations are currently suspended** at Avantara Elgin, except for specific circumstances as laid out in IDPH’s and CMS’ guidelines and regulations, which may change from time to time. Additionally, group dining and activities may be restricted, and salon services will be suspended. For further details, please feel free to reach out to the facility at 847-742-7070.

Please note, visitation availability, group dining and activities, and salon services are subject to change based on a variety of factors, including possible new guidance and recommendations. In the event of a change in availability for visitation, group dining and activities, and salon services we will update accordingly.
